From the Principal's Desk

We are now at the half-way point of the school year! First term report cards will be coming home this week, providing students and parents with valuable feedback. It is a good time of year to revisit and perhaps revise some of our goals as we enter the second term.

When setting goals with your child, we encourage you to discuss an action plan for reaching those goals. A good action plan will identify specific actions that the student will take. These actions should be easy to monitor. Avoid action plans that involve the words "trying harder", as this is an action that is difficult to see, measure and monitor. It is better to ask what does "trying harder" look like? The answer to this question will help provide the basis for an effective plan. Referring to the Learning Skills section of the Report Card is also a good place to start when setting goals.

Principal

## NOTE FROM THE OFFICE

Ms Janzen and Ms Rees would like to thank those who have been using the Safe Arrival System to inform the school of their child's absences. Please note that if busses are cancelled due to weather but the schools remain open, absences still need to be reported via the Safe Arrival system. We greatly appreciate your help in this attendance procedure.

Our school is a very busy place, especially in the mornings and at the end of the day. Although we understand that at times plans can change, instructional time for all of our students is extremely important. If, due to a sudden change of plans, you need the office to relay a message to your child, please be aware that we will deliver the message either during the first or second nutritional break. Thank you for helping us try to keep the classroom free from disruptions.

# INCLEMENT WEATHER

There may be times during the school year where inclement weather or other situations could cause transportation cancellations or school closures.

At times when students' transportation has been cancelled and schools remain open, the decision on whether or not to have children on that day rests with the parent or guardian.

**Should you decide not to send your child to school in the event that the transportation is cancelled but schools remain open, or if your child is ill or will arrive late, please ensure that you report your child's absence through the Safe Arrival, school messenger reporting service.**

A key resource in any emergency is the DSBN Emergency Information form that you filled out at the beginning of the school year. Please let the school know of any changes in contact information or procedures you wish to be followed throughout the school year.

Information about transportation cancellations and school closures will be available as soon as it is available through the following channels:

## CANCELLATIONS & CLOSURES

# SAFE ARRIVAL SCHOOL MESSENGER

To enhance our existing absence-checking procedure, we have a more efficient student absence reporting system called **Safe Arrival**. Thank you to all of the parents and guardians that have been using the Safe Arrival reporting system to report your child's attendance. This new system will reduce the time it takes to verify student attendance, make it easy for you to report your child's absence and easy for staff to respond to unexplained student absences.

With Safe Arrival, you are asked to report your child's absence in advance using any of these 3 convenient methods:

1. Using your mobile device, download and install the **SchoolMessenger app** from the Apple App Store or the Google Play Store (or from the links at <https://go.schoolmessenger.ca>). The first time you use the app, select Sign Up to create your account. Select Attendance then Report an Absence.
2. Use the **SafeArrival website**, at <https://go.schoolmessenger.ca>. The first time you use the website, select Sign Up to create your account. Select Attendance then Report an Absence.
3. Call the toll-free number **1-866-606-5567** to report an absence using the automated phone system.

These options are available 24 hours/day, 7 days a week. **Future absences can be reported at any time.**

***This information is always available on our school website, under 'Report Absence'***

# SCHOOL CASH ONLINE

A promotional banner for School Cash Online. At the top, it says 'School Cash Online' in white on a dark blue background. Below that, the text reads 'Paying school items just got easier! Sign up to get started today.' There is a small image of orange sneakers. A yellow arrow points to a button that says 'Get Started Today'. Another button says 'Sign Into Your Account'. A small text box asks 'What is School Cash Online?' and provides a brief description: 'School Cash Online is an easy to use, safe way to pay for your children's school fees.'

We will be using School Cash Online for ALL payments this year. Once you have registered, you will receive email notifications for items that are available for you to purchase (ie. Trips, pizza etc) and reminders when the item is about to expire. If you are new to Ferndale coming from another DSBN school, your previous login information is still valid. If you are new to school, have not previously signed up or are coming from another board you will be required to register.

Go directly to the website <http://ferndale.dsb.org> (or hold ctrl and click on the link)

1. Click on the Cash Online icon on the top right hand corner (Please note: Internet Explorer is the most effective internet browser for Cash Online).
2. Create a profile for yourself (Parent/ Guardian).
3. Attach your student(s) to your profile (date of birth & legal name required). If you need any assistance or internet access please see Ms. Rees or Mrs. Janzen in the main office.

# PLAYGROUND EQUIPMENT

Once the protective surface on the playgrounds becomes frozen, both playgrounds will be closed for the winter to ensure the safety of our students. Thanks for your cooperation in helping all our kids stay safe by reinforcing this before/after school hours as well.

# PLAYING OUTSIDE EVERY DAY

Each and every day, unless there is a severe winter weather alert, we will endeavor to get our students outside to play and get some fresh air. Children need 60 minutes a day of physical activity, and there is no better way to keep them active through the winter than by getting outside. Please send your child with appropriate warm winter gear. Hats are essential for warmth and when dressed properly, kids can really enjoy our Canadian winter and have fun! While not at school, try skating, hiking, building a snowman or go tobogganing.

# SNOW POLICY

Now that the kids are dressed warm, Ferndale's policy with respect to snow is **"Please leave it on the ground"**. To ensure the safety of students on our playground during the winter months, it is necessary for us to ban the throwing/kicking of snow/ice, sliding on ice, as well as the use of the playground equipment. Children are also not permitted to slide on the ice for their safety. Children who are unsafe with the snow and ice will be temporarily re-moved from recess, and if further infractions occur, they will have an office detention, followed by calls home and if necessary, even a potential suspension for repeated infractions. The students are constantly reminded of our snow rules. We just want to make sure that everyone is safe. After school, kindly keep your children off of the equipment as well for their safety, as even if there is no snow on the equipment, the ground is frozen which no longer allows for the proper cushion should a child fall. Children will be notified when the equipment is safe to play on again.

# INDOOR SHOES

Just a reminder that with the cold, wet weather it is recommended that students keep a pair of indoor shoes to wear in the classroom and during physical education. This is a safety issue as well as helps keep our school clean and tidy. Thank you

# WINTER REMINDERS

Winter is exciting for kids. It brings some great outdoor activities, and here are some winter safety tips:

- \* Never allow kids to play outside alone. Establish a buddy system.
- \* Have younger children take frequent breaks to come inside for a warm drink.
- \* Tell children not to put their tongues on cold metal. It may sound silly but some still do it.
- \* Advise children to stay away from snow blowers and snowplows.
- \* Never play in an area by roads, fences or water.

# HEART HEALTHY

## FEBRUARY IS HEART MONTH Tips For a Healthy Heart

### 1. DON'T SMOKE OR USE TOBACCO

Chemicals in tobacco can damage your heart and blood vessels, leading to narrowing of the arteries.

### 2. EXERCISE FOR 30 MINUTES ON MOST DAYS OF THE WEEK

Physical activity helps you control your weight and can reduce your chances of developing other conditions that may put a strain on your heart, such as high blood pressure, high cholesterol and diabetes

### 3. EAT A HEART HEALTHY DIET

Choose healthy fats over unhealthy fats; increase intake of fruits and vegetables, whole grains and low fat dairy products.

### 4. MAINTAIN HEALTHY WEIGHT

Reducing your weight by just 10 percent can decrease your blood pressure, lower your blood cholesterol level and reduce your risk of diabetes.

### 5. GET REGULAR HEALTH SCREENINGS

Make sure to monitor your blood pressure, cholesterol levels and have your diabetes screening.

## IMMUNIZATION RECORDS

### Is Your Child's Vaccination Record Up to Date?

The *Immunization of School Pupils Act (ISPA)*, Amending Reg. 645 of R.R.O. 1990, requires Public Health to collect and maintain immunization records for all school-aged children in Niagara. At the beginning of December 2018, letters were mailed to parents/legal guardians of elementary and secondary school students who have **incomplete immunization records on file at Public Health.**

If you received this **Immunization Notice** in the mail please ensure that you provide the required immunization information to Public Health in order to avoid suspension from school. Suspension will take effect in March 2019. If you have any questions or concerns, we encourage you to call the Vaccine Preventable Disease program at **1-888-505-6074** or **905-688-8248 ext. 7425** Monday to Friday 8:30 a.m. to 4:30 p.m.

# DENTAL SCREENING

## Free Dental Screening Coming to Your School

A Public Health registered dental hygienist is scheduled to visit your school March 4th, 7th and 8th to provide dental screening to all students as required under the Health Protection and Promotion Act.

Parents will be contacted if their child requires immediate dental care. The Healthy Smiles Ontario program may financially assist children who do not have access to required dental care.

Please contact the Public Health dental program if you wish to exclude your child from dental screening

In addition to dental screening, ELKP students have an opportunity to receive an optional free fluoride varnish application if they have returned a signed consent form
